A30 junction threat to community

Plans are afoot to change yet again the Two Bridges junction (and possibly nearby junctions). There are several problems with Two Bridges, including difficulty of pulling out/crossing, speed of traffic on the A30, the confusion added by the layby, the prospect of increased traffic of heavy lorries from the quarry. While safety is of paramount importance, so too is continued ease of passage between Lewannick and Polyphant. Forcing a diversion to other junctions would cause a very unwelcome split.

There was lively public discussion at the last Parish Council meeting and we received some reassurance from our new CCC representative, Neil Burden, that the CC are prepared to listen to the views of local people. Whilst I am all for encouraging tourism and trade, blocking this junction would undoubtedly have a bad effect on all local community and facilities such as the Church, Chapels, shop, pub, school and local businesses which are so very valuable to us.

The only complete solution would be to build a flyover, but whether the money is available remains to be seen. Look out for the public meeting concerning this – date to be announced soon.

We are pleased to publicise local bus details this month. This information will be available in full on the website,

Lewannick Primary School

In aid of St. Martin's Church funds

LEWANNICK PARISH COUNCIL

On 5th June 2005 the Parish Council met with Parsons Brinckerhoff (the Agents for the A.30) and Highway representatives to discuss the proposed closure of the right hand turn to Lewannick and Bodmin from Polyphant at the Two Bridges Junction. Following the meeting Parsons Brinckerhoff agreed to study the Parish Council's remarks and not to proceed with any further alterations to the junction until they had a further meeting to discuss their decision with the Parish Council.

Therefore, a public meeting was arranged before the Parish Council Meeting at Lewannick Village Hall on 16th June to ascertain the reaction of parishioners.

Over forty members of the public attended and a lively discussion evolved. The main concerns were safety, emergency vehicle access, the effect on village amenities, and several suggestions for reducing speed on the A.30 were put forward.

It was decided, by a majority, after advice from County and District Councillors, to wait for Parsons Brinckerhoff's decision before arranging a parish meeting where all aspects of the problem could be discussed.

The meeting was followed by the Parish Council Meeting.

Mr. Murphy from Polyphant reported

that his cat had been killed by an air gun pellet. The vet had reported this to the police, and if anyone has any information please contact the Chairman or P.C. Lancaster on 01566 771419.

Mr. David Eno was co-opted and welcomed as a member of the council.

We have received a Conclusive Map of Registered Common Land from The Countryside Agency which will be held by the Clerk.

Our current account balance stands at £4915.36. Payments were made to Perfect Pastures - £724.51 for grass cutting, and £105.75 to David Jones for maintenance on the Village Clock.

A letter has been received from the Ramblers' Association re the status and upkeep of footpaths. It is proposed that all our footpaths are walked and volunteers would be welcomed – please contact the Chairman.

Vehicles are still causing problems by parking both sides of the road on Polyphant Green, and there have been complaints that drivers are not observing the 30 mph speed limits through both villages. There is concern about the safety of dogs roaming free in Polyphant. Our next meeting will be held at 8.00 p.m., on 21st July 2005 at the Lewannick Village Hall.

Sun	31	Circuit Service at Launceston Central 6.30pm

Whitmans Weather

It was three and a half years ago that Vic Clarke handed me the rain gauge (thanks Vic !!) and asked if I would be prepared to monitor rainfall for our Newsletter.

During the ensuing period, several months have thankfully been pleasantly dry and this month is amongst them. Indeed my May/June four week window records 25 dry days. We've all had ample opportunity to soak up the sun and leave rain coats indoors and how welcome that has been.

What might surprise you however, is that I can only find one month in the last forty which has given us more than 25 dry days and guess when that was - last July or August? No way - at 14/15 dry days respectively. No - in fact it was March of this year, with 26 dry days and only two thirds of this month's rainfall.

The last four weeks rain has been in noticeably heavy short bursts (two days at nearly an inch a piece!) but fortunately, nothing like as severe as in Yorkshire. Another 'freak' storm they told us but from where I'm standing such storms are really not so freak. The memory of Boscastle lingers. For the record, our total for the last week of May and first three weeks of June has been 3.5 inches.

So what can we look forward to now? I'm uncertain (as usual!) but assuming something similar to June 2004, another long spell of rain-free days and indeed a very dry month. Make sure therefore that you get those water butts filled to the top when you do get the chance!
