bullell at 7 p.m.
Fri. Dec 31st Watchnight Service: Rev.Chris Tomlinson at
Coads Green at 11-30p.m.

Two Important Events in the life of Polyphant took place in its Chapel and Community Centre during November. Family and friends celebrated the Diamond Wedding Anniversary of Tom and Mary Baker, the two members at Polyphant with the longest association with both the Chapel and Village. As well as receiving the best wishes of **all those** who attended the **occasion**, over 70 **cards** were received, including one from the Queen. As the senior citizen Tom performed the opening ceremony and official opening of the new car park scheme at Polyphant. A very satisfying aspect of the undertaking has been that it materialised due to local initiatives, **local** contractors, District & Parish Councils and local Business support, added to the efforts of the Methodist Church. Community **co-operation** at its best to provide a more **versatile** building for community use.

CLARENCE & HEATHER KINGDOM write.
We would like to thank all those **who** supported and donated to MENCAP Coffee Afternoon. Together **we** raised a total of £260. Thanks once again

NEWSBOY N°7

In this Newsletter and the **next** (and last **one** No.8) I want to **talk about** expanding your business. (If you are just selling up this will not happen **for some** time, if you are successful and have kept most of your profits for yourself **and** your shareholders and not wasted it **paying someone** **elses** loans **& interest**, you **will one day have** to expand your **premises** & staff (see Newsboy 8) (If you **are working** in the **back** bedroom, the District Council **will** object to your planning application for a 20,000 mtr² **extension** into the back garden. There are 2 options: (a) **Lease** additional **premises** from the Town District Council which **are often sited** on 'Business Parks' or 'Industrial Estates' **details** of which are **available** from Enterprise Tamar in Launceston; (b) **lease** additional **premises** from a Private landlord with the option to expand at a later date, with in-built planning permission already obtained. The 2nd option is fully **dealt** with by applying to the Federation of Small **Businesses** (who would **prefer** you to be a member) (reclaim the cost from the Tax-man!) **Leases** vary considerably in price (Tax reclaimable) and are usually **based** on flexibility, and may be well worth paying for if it allows you to expand into more **space**. Best to think of the lease **as** an insurance policy. There are points to look out for in negotiating a **lease** : (a) Term of lease) A **fixed** term is usual, but you may need to **expand** (or contract), and this option may be available at an **extra charge**. **Business tenants** usually **renew** their **leases compared** with domestic/private **tenants** occupying it. (b) Rent: If the **lease** runs for more than 5 years, it **will** be **reviewed** (usually **increases**) so establish this at **negotiations**. (c) **Service Charge** : Try to **fix** or **cap** any charges. (d) **Repairs**: Tenants are usually responsible for **these** - negotiate. (e) **Alterations**: I don't like to **control these** - **Negotiate** (f) **Disposal** : Make sure you can **sell the lease** or sub-let. If I can help ring me **Derek Bidwell 782493**
